

Virtual Viewing Instructions

International GM1
**COMMUNITY
CONFERENCE**

*October 2, 2026
Virtual*

The 2026 International GM1 Virtual Community Conference will be hosted on Zoom. No app download is required to participate. You can join directly from your web browser on any computer, tablet, or smartphone.

Once you have registered, your Zoom link will be emailed to you closer to the conference date. We recommend joining a few minutes early to allow time for any technical setup.

Tips for the best experience:

- Use a stable internet connection if possible*
- Find a quiet space with minimal background noise if you plan to participate in breakout sessions*
- Use headphones or earbuds for clearer audio*
- If you experience any technical difficulties during the conference, please use the Zoom chat to notify a team member and we will do our best to assist you promptly*

TRANSLATION SERVICES

We are committed to making this conference as accessible as possible for our global GM1 community. Live translation captions will be enabled. More information to follow.
